The game is easy to pick up and play, cute graphics, characters are sure to please. This is a fun, cute mobile game that is suitable for all ages. This is easy to play and has attractive graphics. This also features multiplayer mode, My Talking Tom Friends old version APK which adds to the replayability. This is also replayable and regularly updated with new content, making it a great choice for players who are looking for a game that they can come back to again and again. Pros: Excellent graphics Addictive gameplay Highly replayable Cute and loveable characters Cons: Some of the My Talking Tom Friends for computer challenges are a bit too easy Not enough interaction with the other characters Graphics Sound Gameplay Replayability These links follow a webpage, where you will find links to official sources of My Talking Tom Friends Game. If you are a Windows PC user, then just click the button below and go to the page with official get links. Please note that this game may ask for additional in-game or other purchases and permissions when installed. Play Game English Blog Fans Support Business Accept the challenge and take care of Pou Take care of your talking cat and watch him grow Boo, the virtual pet, wants you to take care of her Take care of your little Moy a second time A cute virtual pet on your Android device Everyone's favorite purple pet is back Have fun with Ben, Talking Tom's best friend Moy's new restaurant is finally open for business! Softonic reviewMy Talking Tom is a virtual pet game featuring the star of Talking Tom Cat and Talking Tom Cat 2. You need to keep Tom happy by feeding him, petting him, taking him to the bathroom, putting him to sleep, and playing games with him. The game is now Windows 11 ready.More interactive than everMy Talking Tom retains the same basic functions as the Talking Tom Cat app, but takes things a bit further, giving you much more to do, and casting you more in the role of carer.You can still do all the basic things you could in Talking Tom Cat and other Outfit 7 talking animal games, namely getting Tom to repeat what you say in a high-pitched voice and interacting with him by touching him in different ways. But the format of My Talking Tom now feels more like the virtual pet game, Pou. There's more to do with your feline friend, such as playing mini games, customizing his appearance, choosing food, and decorating Tom's house to your choosing.Another great feature is the ability to create videos of your Tom to share with the world.Getting new stuff in My Talking Tom requires game coins, which are earned as you go, or can be purchased. There's a leveling-up system where you can rank up by spending time with your cat and making sure his needs are met. As you level up you'll unlock new items and objects from the store.There are mini games in My Talking Tom, such as whack-a-mole, which give you the chance to win coins, as well as satisfy Tom's entertainment needs.How to play My Talking TomJust like in Pou (and tamagotchis for that matter), your pet in My Talking Tom has certain 'needs' that must be met. These are represented by round meters at the bottom of the screen that slowly deplete and must be filled up again by performing a particular action. The principle is simple to grasp and when you first play My Talking Tom the concepts are well demonstrated to you.The four needs meters are: entertainment (refilled by petting Talking Tom or playing mini games), food (refilled by dropping food into his mouth) , bladder (refilled by taking him to the toilet) and tiredness (refilled by putting Tom to bed and turning out the light). To perform any of these actions you just need to tap the corresponding meter icon.How's he looking?The graphics and overall presentation in My Talking Tom haven't evolved much since Talking Tom Cat 2. The feline largely still looks the same (though you can customize him more) and his squeaky voice is identical. Also, it appears that Tom is the only character that pops up in the game (for example, there's no sign of his girlfriend Talking Angela, or of his nuisance neighbour, Talking Ben the Dog.One interesting feature of My Talking Tom is the ability to visit other players' houses and check out how they've decorated theirs. You can also look for treasure chests, where you could turn up more coins.There's also a mini game where you need to guess what Tom is wearing, which is quite fun, especially for younger players.PurrfectIf you're a fan of Talking Tom Cat or Pou, you'll enjoy My Talking Tom, as it blends the best elements of the two. However, some may find the process of constantly giving attention to the cat a little tedious and repetitive. Accept the challenge and take care of Pou Boo, the virtual pet, wants you to take care of her Take care of your little Moy a second time A cute virtual pet on your Android device Everyone's favorite purple pet is back Have fun with Ben, Talking Tom's best friend Take care of Angela and have fun with her Moy's new restaurant is finally open for business! Please download with PC browser NoxPlayer is designed for Windows and MAC OS, please visit this website via computer browser to download NoxPlayer. Showing 1-10 of 59 Pure APK Install APK Installer TV 3L PC Microsoft ActiveSync Apk Installer APK Installer Showing 1-10 of 7,452 GOM Player MP4 Player Pure APK Install Windows Media Player Softonic reviewTalking Tom Gold Run is a runner based game published and developed by Outfit7 for Apple iOS, Android, Windows and Windows Phone. The game enables users to run indefinitely in diverse sequences of pre-ordained segments of running with characters like Talking Tom. In the game, players must shout "STOP THIEF!" because they've just been pick pocketed! Enter this limitless running game as Talking Angela or Talking Tom to relentlessly pursue the thief and reclaim your precious metal!Take as much gold as possibleUncover a new world, varying running styles and snatch energy boosts on the run. Eventually the endless pursuits will pay dividends - you can construct a dream home of your own for Tom or Angela from the very foundations up... During the running sequence, players can pick up bars of gold that can be later used for the purpose of upgrading the buildings or purchasing vaults. Players can also grab boosters that permit them to obtain extra bars of gold, doubling their score tallies, flying straight over obstacles and otherwise boosting performance levels in the sequential runner game. With each and every step a player takes in the running game, the score tally is duly increased. From time to time, players encounter a checkpoint where they receive extra bonuses and rewards. In case you crash into an obstacle, you have the option to continue running by paying with dynamite.Compete with friends online!This application is certified by PRIVO. The safe harbor PRIVO (Privacy Vaults Online) seal indicates that publishers Outfit7 are using Children's Online Privacy Act compliant privacy settings to protect the personal information of children. Talking Tom apps do not permit juveniles to disclose their private, personal information. The Talking Tom Gold Run application features the possibilities of competing and connecting with friends on social networks, and the opportunity to complete in game purchases (with the adult bill payer's permission). As an alternative to in app purchases using real money, the full range of functions can be accessed by amassing rewards like gold bricks in the process of playing. There is product placement of developer Outfit7's contextual and product advertising, and integrated links to Outfit 7's other characters embedded in the game. In addition, links are embedded that will serve to point customers to other Outfit7 games and online products.Fun and gold come together!Hours of endless fun are to be had as players chase after the robbers to recover gold bullion and construct the home of a talking cat's dreams! You can unlock strange new worlds with different running techniques and enjoy endless monetary and non monetary rewards.Old favorites like Talking Tom, Talking Hank, Talking Ginger and Talking BenVaried differences between worldsHas elements of a tycoon game, gathering wealthMaybe a little too much product placement for a kid's gameNot enough similarity to the original Talking Tom for this reviewer's taste!Talking Tom Gold Run for AndroidTalking Tom Gold Run for iPhone
